Technical Composite Systems Ltd are a British company, specialising in the design and manufacture of composite components and tooling, fixtures and technical assemblies. Our expertise and products support market leading UK and Worldwide customers across a broad section of industries.

As an Organisation, we are committed to complying with all applicable customer, statutory and regulatory requirements and to continually improve the effectiveness of our Quality Management System.

It is our Strategic Direction to increase our market share within the industry sector whilst continuing to maintain our high product quality and customer satisfaction levels.

We will be open and honest in our operations and engage our staff, suppliers and customers across all levels of the business.

We will be guided by our company vision, mission statement, ethics and values.

The Organisation regularly reviews the Quality Management System at which, appropriate measurable quality objects are established and reviewed.

Our quality policy statement is communicated throughout the organisation;

- During Staff Induction
- Company noticeboard
- Management Reviews
